

Environmental Policy Statement

Company Name: Environmental Expressions Limited

Address: Estate Road No. 5, South Humberside Industrial Estate, Grimsby, North East Lincolnshire, DN31 2TG

Telephone: (01472) 351600

Director responsible for environmental policy: Mr Maurice Call

We at Environmental Expressions Ltd are becoming increasingly aware, not only of global concerns, but more particularly those of our own local environment.

As members of the community, we also share its concerns and will make every effort to ensure that we minimise any adverse effects our operations may have on the environment.

Environmental Expressions Ltd will achieve this commitment of safeguarding the environment by undertaking the following:-

- Comply with all existing legislation and regulations as a minimum.
- Implement procedures to prevent pollution to land, air or water.
- Take environmental factors into consideration in any new developments.
- Set and review objectives and targets for continuous improvement through the Environmental Management team and the Environmental Management Review.
- Improve the environmental impact of the company's activities.
- Collect and monitor information regarding the environmental impact of supplier companies and maintain records
- Respond to the needs and concerns of the community.
- Reduce waste and consumption of natural resources wherever possible.
- Cooperate in any investigations concerning hazardous emissions or incorrect disposal of hazardous waste.
- Be amongst the leaders in environmental sensitivity.

Appropriate training and resources will be made available to ensure that all staff members have the skills to implement the above policy.

It is in the interest of Environmental Expressions Ltd to have a planned approach towards prevention and reduction of waste and pollution leading to a long term reduction of costs, as prevention and reduction are more desirable and economical than damage repair after the event.

Environmental Expressions Ltd will control its activities to avoid causing unnecessary and unacceptable risks or adverse effects on the environment in line with the requirements of the Environmental Protection Act 1990, as far as is reasonably practicable.

Responsibility for the environment is ranked equally with that for the health and safety of employees, the general public and others.

- Environment awareness and individual responsibility will be developed amongst employees at all levels with full and effective consultation being encouraged.
- Environmental Expressions Ltd will continue to develop and improve standards by making use of available technology and developments, together with a waste recovery and recycling approach.
- Plant, vehicles and equipment will be maintained and operated to provide the maximum environmental protection as far as practicable.
- Clients, employees, the general public and all other persons who may be affected will be made aware of any company activity which may affect the environment.
- Natural habitats and wildlife will be respected and where appropriate, within the control of the company, maintenance, restoration or creation of habitats will be encouraged.
